equipment. In general, typical box contents could include:

- \* Thermal blankets and ground sheets.
- \* Waterproof ponchos and bin bags
- \* A multi fuel stove that can burn anything from diesel to old paint!
- \* Cooking pans, utensils, bowls and mugs
- \* Water containers & purification tablets.
- \* A basic tool kit with a hammer, axe, saw, pliers, hoe, shovel, rope, etc.
- \* A children's pack of drawing books, crayons, pens, etc.

In any disaster a large number of victims will inevitably be children. Schools will often be destroyed along with homes and other buildings. ShelterBox will therefore include school boxes in their consignments containing essential supplies for teachers, including blackboard paint and chalk, and equipment for 50 children.

Most of us live very sheltered lives and we do take a lot of things for granted. Recent disasters in our own country and sometimes even around the corner how this can change in an instant.

I am proud to be member of a Rotary club that very enthusiastic takes on local and international projects and to work on committees that support these projects.

*Peace is a journey of a thousand miles and it must be taken one step at a time.*  
(Lyndon B. Johnson)

Thanks to Petra Recor, Jill Suffin, Rene Weder & Bill Tetlow; one of 4 teams that helped clean up Highway 40 between Tabernash and Fraser. We found a lot of strange stuff along the road.

Welcome Mark Lund; incoming President of WP/FV Rotary Club
